PUBLIC ADVISORY: Hurricane Melissa – Office Closure and Preparedness Measures

The Turks and Caicos Islands Financial Services Commission (FSC) advises that, in accordance with national protocols and in response to the latest forecasts for **Category 5 Hurricane Melissa**, our offices in **Grand Turk and Providenciales** are closed from **4:30 PM today, Monday, October 27, 2025, until further notice.**

This measure ensures the safety of our staff and allows time for final preparations ahead of expected storm impacts beginning late Tuesday into Wednesday, including **strong winds, heavy rainfall, and coastal flooding.**

The FSC has activated its **Business Continuity and Disaster Response protocols**, including safeguarding systems and assets, maintaining secure communication channels, and preparing for post-storm resumption of services. We remain committed to supporting our staff and stakeholders throughout this period.

We encourage all residents and businesses to monitor official updates and take necessary precautions. For reliable information, please follow:

- ◆ [TCI National Weather Service](#)
- ◆ [TCI Department of Disaster Management and Emergencies](#)

We thank you for your understanding and continued partnership. Updates will be provided as conditions evolve.

Kenisha Bacchus

Managing Director (ag.)
